

ZT600 Series/ZT600 Series RFID Industrial Printer Optional Color Touch Display

Zebra's Premium Industrial Printer Just Got Even Better Introducing the Full-color, 4.3-inch Color Touch Display

Change the way you engage. See things bigger and bolder. Zebra's ZT600 Series, including RFID models, now offer an optional full-color, 4.3-inch color touch display. See status at a distance. Navigate with ease. Create speedy shortcuts. Change printer settings. All with the touch of a screen.

- **Brightly Lit** — This touch display is big and bold. The 4.3-inch screen is easy to read and features bright colors to easily see printer status at a glance.
- **Swift Setup** — Printer configuration is easy when you use the setup wizards with step-by-step instructions and animations.
- **Clear Navigation** — The intuitive interface is simple to navigate, all with the touch of a finger. Create customized shortcuts to often-used settings for faster access.
- **Instant Status** — Watch the display to see printer status—even from a distance. A red screen alerts you of a printer error, and on-screen support pinpoints the problem for rapid remediation.
- **Speaks your language** — Offers the choice of multiple display languages for use around the globe.
- **Eliminate the Keyboard** — Select Wi-Fi settings, SSID and passwords, and configure print station, without the need for an external keyboard.
