ZD42Xt
ZD62Xt

Healthcare Models
ZD410, 42X, 62X

Product Overview

ZD-Series Battery Accessory

Carried by worker

Cart-based

- Positioning:

  - Desktop printer with battery delivers a *transportable* solution

  - Different mobility use case vs mobile printer (cart or vehicle-based vs. carried by worker)

- Driving Principles:

  - **Address portfolio gap:** Deliver features mobile printers cannot

    - 300dpi

    - thermal transfer

    - higher volume

  - **Deliver ease of use:** Has to be field-installable, offer simple operation and long-life

ZEBRA TECHNOLOGIES

Thermal Transfer p/n: SG-DM-CASE2-01

Direct Thermal p/n: SG-DM-CASE1-01

DESKTOP CARRYING CASE

YOUR DESKTOP PRINTER JUST GOT MORE CONVENIENT

Easily bring your desktop printer to the point of application

For use with the ZD42x and ZD62x desktop printers – direct thermal or thermal transfer – powered with a desktop battery

Includes handles, an attachable shoulder strap and pouch for a TC5x mobile computer

Open access to easily change media rolls or swap batteries without having to remove the printer

A clear window allows you to control the printer buttons while it's in the case

IP52 rated for protection against solid and liquid ingress, along with padded sides and a rugged bottom for extra peace of mind
